

SPRINGFIELD TOWNSHIP
VILLAGES & 309 CORRIDOR STUDY

STAKEHOLDER QUESTIONNAIRE

Springfield Township recently adopted a Comprehensive Plan Update (2024). Several of the recommendations of this Plan focused on the development potential of the village areas and Route 309. These areas historically served as local centers of economic activity and would provide tax base expansion opportunities. To examine these opportunities in greater detail the Township is moving forward with a planning study which will result in an actionable implementation plan. A key component in determining and prioritizing community needs, goals, and objectives is soliciting input from the community.

You have been selected as a stakeholder for this project, and your insight is much appreciated. Please provide answers to the following questions and return your response to the Township by **October 17th**.
